About South County Sound

In 1974, sounds of men's close harmony began in South Orange County. This group of men, known as the San Clemente Chapter, was officially chartered in December by S.P.E.B.S.Q.S.A. They adopted the chorus name of "California Promise" in 1986. Recently, the San Clemente Beach Cities Harmonizers merged with Irvine's California Promise Chorus, forming a great new chorus... South County Sound. Now approaching 4 decades, the wonderful sound of men's 4-part harmony have entertained audiences throughout Southern California.

This year, South County Sound is making a renewed effort to raise our singing and performing to a higher level and is having lots of fun doing it. There are over thirty members (and growing!) in this new and exciting group which meets every week for great music, great fun and great fellowship!

We love to sing... and we know that you'll love to hear us. Whether you're just listening or choose to join us, you will quickly understand our love for the wonderful hobby of Barbershop harmony!

*If you're a man who loves to sing,
We Want You!*

Although our chorus presently consists of 30+ active singers, we're always eager to add to our ranks by recruiting more men. Being able to read music is not mandatory. Being able to carry a tune is important. A "love of singing" is VITAL. When you join South County Sound you are doing more than just becoming part of a choral group - you are becoming part of a family. South County Sound strives to provide a welcoming atmosphere in which anyone will find opportunities for quality musical experiences, performing with a Barbershop chorus, and improving their individual skills. You will share camaraderie, support, and make lifelong friends.
